

1.1 Log In

To log into Traxx, enter your username and password as shown below and click the 'Login' button.

A screenshot of a 'System Login...' form. The form has a light blue background and a white border. It contains two input fields: 'Username:' with the text 'bloggsj' and 'Password:' with a masked password of seven dots. Below the password field is a 'Login' button. At the bottom of the form, there are two links: 'Reset Password' and 'Fact Sheet: Logging On'.

If you have forgotten your password then fill in your username and click the 'Reset Password' link.

A new password will be sent to your email address via an automated email, and a message will be displayed on Traxx to confirm that the email has been sent.

Your password has been reset!
A new password has been emailed to the account contact address.

The new password should not be used to log into the system. We advise that, for security reasons, you do not use the same password as your Network account.
